

TAMARIN HOTEL

Tamarin Hotel, one of the most ancient hotels of **Mauritius**... keeps innovating. Built in the 70's, its architecture is typical of those times. It changed hands in 2003 and was then intelligently renovated in the same style, back in fashion.

Tamarin hotel is an "off the beaten tracks" ensign as its main concept after its architecture is to propose stays in the deep roots of **Mauritius** owing to its perfect integration into the village of Tamarin. **Tamarin hotel** contributes actively into the villagers welfare by participating in the maintenance of the beach and by supporting local organisations; it has also helped in the setting-up of an arts school for the children of the village.

Tamarin hotel is therefore the address to retain for the real travellers expecting to discover an authentic destination. **Tamarin hotel** is also well located for those who intend to carry-out several excursions and activities in the West of **Mauritius**, rich in possibilities. Tamarin hotel fulfils, with a natural simplicity, its clientele's expectations, namely as regards to the food which, while remaining simple is good and generous.

Location

Facing the beach and Tamarin Bay, famous for its **surfing conditions**, on the **west coast of Mauritius**.
