

The Oriental Space Packages

The "Oriental Space" rituals are performed at the "Rituals" Spa, a [Comfort Zone] Institute located in the North of Mauritius.

Always with relaxation as a background, the Oriental rituals aim at reviving sensuality through the use of selected herbs and especially minerals, namely Alunite (Alum-stone).

Several of the products used are home-grown at the Spa's back-garden and/or prepared fresh on the spot, offering the guarantee of the organic nature and freshness of the final products.
